## **Academic Affairs**

4 main questions to consider:

- Sustainability of tenure stream professoriate
- Engagement oclinical facultybased innontraditional environments
- Career pathways for CAS professors (professional research, teaching)
- Equity and diversity of faculty

## Sustainability of tenure stream professoriate

- Currently~ 570 positions; 70% funding model. (30%- salary awards, endowed chairs, partnership agreements, etc.)
- Challenge of partnership agreements with Research Institutes
- Tenure for clinicians model
- How to accommodate special/strategic initiatives (e.g., Health Brains, Health Lives)
- Sustainability more than just fiscal

## How to engage clinical faculty in non-traditional environments

- Outside of University filiated hospitals
- Distributed siteseg. Gatineau campus
- Promotion w/o compensation
- Pressures on clinical practice

## Career pathways for CAS professors

- Professional
- Research
- Teaching

- 3/4How to evaluate appropriately, given different expectations for CAS professors
- 3/4"Hard" vs "soft" funding: how to address issue of secure support
