Ranked among the top 25 universities in the world, McGill has the highest average entering grades in Canada and its students hail from 140 countries. Our commitment to fostering the best has propelled our students to win more Rhodes scholarships, more national and international awards on average than their peers at any other Canadian university.

You are following in the footsteps of more than 174,000 McGill alumni who continue to help shape the world as Supreme Court justices, award-winning authors and musicians, astronauts, Olympians, and Nobel Prize winners. As such, a lot is expected of you but McGill provides you with the means to succeed and to have a varied experience of academics, athletics and community activities to suit your interests.

All of McGill's 21 faculties and professional schools strive to offer their students the best education possible. The University's vibrant learning environment and active campus life support its students' academic progress and personal development.

Today's social, technological and medical challenges continue to fuel innovative approaches to research, teaching and learning. At McGill, we welcome these challenges as we undergo an unprecedented period of growth and renewal. New cutting-edge facilities benefit students with state-of-the-art classrooms and laboratories. Likewise, McGill's professors thrive in this environment as they enjoy some of the highest research successes per full-time professor in Canada. Dean's Welcome

To Graduate Students and Postdoctoral Fellows:

I am extremely pleased to welcome you to McGill University. With over 250 Doctoral and Master's graduate degree programs, McGill is committed to providing excellence in graduate education and postdoctoral training in a full range of academic disciplines and

Information for international students and fellows wishing to study in Canada is available from the Canadian Bureau for International Education (CBIE) Website at www.destineducation.ca.

2.4 Information for International Students and Fellows

Funding opportunities for international students are not as plentiful as they are for Canadians. This is because many forms of assistance provided by the federal and provincial governments are offered to Canadian citizens or Permanent Residents of Canada only. Opportunities for supplementing fellowship income by employment are now more plentiful, as immigration authorities will now issue work permits for off-campus employment under certain circumstances (please consult the International Student Services Website at www.mcgill.ca/internationalstudents/workopportunities for details about eligibility and procedures). Immigration officials also require all international students entering Canada to provide proof that they possess sufficient funds to cover at least one academic year's stay in Canada as well as return fare home. McGill's International Student Advisor suggests that single students have a minimum of \$22,000 for living expenses, in addition to tuition and ancillary fees, for every twelve months of study in Canada.

Non-Canadian students can, nonetheless, draw on a considerable variety of fellowships and other forms of assistance. There are several large, multi-disciplinary programs specifically aimed at funding students from abroad who are studying in Canada. These include: the Quebec Merit Fellowships for International Doctoral Students (Programme de bourses d'excellence pour étudiants étrangers - PBEEE), the Canadian Commonwealth Scholarship and Fellowship Program, the Government of Canada Awards to Foreign Nationals, the Technical Assistance Scholarships and Fellowships and the Canadian Fellowship Program for French-Speaking Countries, funded by the Canadian International Development Agency (CIDA). Applications for all these programs must be made through the government of the applicant's home country, usually via the Ministry of Education. Applications sent by individuals directly to Canada cannot be considered.

In addition, many of McGill's Graduate Fellowships, as well as many of the fellowships and prizes offered by various McGill departments and faculties, are offered without any restrictions concerning nationality. Unless otherwise specified in the description, fellowships listed in this brochure are open to students from all countries. International students should also note that the Graduate and Postdoctoral Studies Office grants some differential fee waivers making it possible for some non-Canadian students to pay reduced foreign fees. Some students may also qualify for differential fee waivers accorded as a result of bilateral agreements between Canada and their home country. See [section 4.6](#), "Exemptions from the International Tuition Supplement", as well as [section 8](#), "Exchange and Travelling Fellowships".

Additional information on opportunities for financial assistance is available from the International Student Services Office (ISSO) at isso@mcgill.ca or by contacting the International Student Advisor at [514-393-7141](tel:514-393-7141) (toll-free 1-877-827-5141).

TRANSCRIPTS AND DEADLINES

To obtain transcripts for larger external award competitions including FQRNT (formerly FCAR), FQRSC, FRSQ, NSERC and SSHRC, students must apply to their departmental graduate office several weeks prior to the application deadline. Students should check with their department or the Fellowships and Awards Section about all transcript ordering procedures and deadlines.

Deadlines for graduate and postdoctoral scholarships, fellowships and awards competitions from the Natural Sciences and Engineering Research Council (NSERC), Social Sciences and Humanities Research Council (SSHRC), Canadian Institutes of Health Research (CIHR), Fonds Québécois de la Recherche sur la Nature et les Technologies (FQRNT), Fonds Québécois de la Recherche sur la Société et la Culture (FQRSC), and the Fonds de la recherche en santé du Québec (FRSQ) generally fall in early October. Students should therefore begin planning their external applications as early as August. The applicant is responsible for fulfilling the application requirem
