### **1.5 Policy Concerning Access to Records**

Statements of account and all other correspondence are sent directly to students who retain full control as to who has access to their records or accounts. (Officers and members of the University staff may also have access to relevant parts of such records for recognized and legitimate use.) No progress report or any other information is sent to parents

In addition, International Student Services prepares a “Getting Started” pamphlet along with a detailed Handbook for international students, which is sent to all accepted applicants. The Handbook is also available on the Web.

### **1.11 Health Insurance – Canadian Residents**

Canadian students from outside the province of Quebec should check with their own provincial medicare office to ensure the validity of their health coverage while studying at McGill.

Canadian students residing outside Canada may not qualify for any provincial medicare programs. In this case, they may purchase the Health Insurance for International Students.

All undergraduate students who pay Canadian fees and who are members of the Students' Societ

Student was born in Quebec (documents: Quebec birth or baptismal certificate (issued prior to January 1, 1994), valid Canadian passport indicating Quebec as place of birth).

Student obtained Landed Immigrant status by virtue of a Certificate of Selection of Quebec (CSQ) (documents: CSQ document, written confirmation from Immigration Quebec that a CSQ was issued).

Student's high school and CEGEP transcripts transmitted electronically to McGill from the Ministry of Education of Quebec indicate "Quebec" as the place of residence.

Student was approved for a Quebec loan for the current academic year (document: Quebec loan certificate).

Student is the member of an aboriginal community of Quebec (document: letter from the band council official, band membership card).

**Deadlines: Submission of Proof**

All documents pertaining to Proof of Citizenship and Quebec residency must be received by the Admissions, Recruitment and Registrar's Office prior to the dates indicated below in order to take effect for the requested term:

Fall term – Last day of Fall classes.

Winter term – Last day of Winter classes.

Summer term – August 15.

Changes received after these deadlines would only be applicable to the following term.

### 3.5 Course Nomenclature

*Required Course:* Courses absolutely required in a program. All students in that program must take this (these) course(s) unless they are granted exemption(s).

*Complementary Course:* Courses selected from a restricted list, a particular subject area, or a discipline. In some programs, students must include a number of these in order to meet program requirements.

*Elective course:* courses chosen freely (sometimes with advice and approval of the departmental adviser).

### 3.6 Plagiarism and Cheating

In submitting work in their courses, students should remember that plagiarism and cheating are considered to be extremely serious offenses.

Students who have any doubt as to what might be considered "plagiarism" in preparing an essay or term paper should consult the instructor of the course to obtain appropriate guidelines. Students should also consult the academic integrity Web site at [www.mcgill.ca/integrity](http://www.mcgill.ca/integrity).

The possession or use of unauthorized materials in any test or examination constitutes cheating. Data generated by the Exam Security Monitoring Program can be used as admissible evidence either to initiate or corroborate an investigation or a charge of cheating under Section 16 of the Code of Student Conduct and Disciplinary Procedures.

The Code of Student Conduct and Disciplinary Procedures includes sections on plagiarism and cheating. The Code is included in the *Student Rights and Responsibilities Handbook*.

activities of the MUHC are carried out at the following four locations:

**The Royal Victoria Hospital** is situated on 35 acres of land bordered by Pine Avenue and University Street. Its complex of seven pavilions houses a bed complement of 584. The hospital has annual in-patient admissions of over 18,000 and ambulatory services visits (out-patients, emergency day surgery and day care, etc.) of over 350,000. It provides teaching programs for medical students as well as students of the other health professions.

The Royal Victoria Hospital opened in 1894. Over the years it has expanded its physical complex to accommodate its clinical, teaching and research activities. The Allan Memorial Institute became the hospital's Department of Psychiatry in the 1940s. The hospital established a Research Institute in 1981 in order to coordinate what is one of the largest hospital-based research programs in the country.

In 1994, the Montreal Chest Hospital Centre, a 94-bed institution specializing in the treatment of respiratory diseases, integrated with the Royal Victoria, becoming the Montreal Chest Institute of the Royal Victoria Hospital.

**The Montreal General Hospital** has 406 licensed beds. In a typical year, there are approximately 11,000 admissions and 315,000 consultations in the Emergency and Out-patient Departments. The Montreal General was founded in 1821 and its record in clinical teaching is one of the longest in North America. Students were first received in 1823, in what was the first medical school in Canada. This school agreed to form the Faculty of Medicine in 1829.

The present hospital building was opened in 1955. In addition, a research centre was opened on hospital grounds in 1973, and now has 100,000 square feet of space.

**The Montreal Children's Hospital**, located on Tupper Street, near the Atwater Metro Station, has 180 beds and, in a typical year, admits approximately 8,000 patients. The Ambulatory Services have over 180,000 visits, 70,000 of which are through the Emergency Room and over 100,000 in the clinics. The hospital has a provincial mandate for several tertiary care programs including newborn intensive care and surgery, major pediatric trauma, extra-corporeal membrane oxygenation, and organ transplantation, among others. The hospital also provides pediatric and technical services to Baffin Island.

An active teaching program is maintained for the medical students and for residents and fellows. There are also teaching programs for nursing students and other health professionals. The McGill University-Montreal Children's Hospital Research Institute pursues research and postgraduate education in many areas, all related in some way to diseases and problems encountered in the period of life from the fetus through adolescence.

**The Montreal Neurological Institute and Hospital** are housed in an eight-story building, adjacent to the Pathology Building and the Royal Victoria Hospital. The Institute opened in 1934 and as the cornerstone states is "Dedicated to relief of sickness and pain and to the study of Neurology". The McConnell Wing was opened in 1953, doubling both the clinical and laboratory space. A nine-story addition, the Penfield Pavilion, was opened in 1978. The Webster Pavilion, completed in 1984, centralizes brain imaging resources, provides laboratory

### **6.3 Clinical Facilities for Dentistry**

The McGill University McCall Dental Clinic is located in the Montreal General Hospital.

At the Clinic, Third and Fourth year students in the undergraduate program are taught under the guidance of the dental staff to carry out all phases of clinical dentistry and related laboratory procedures. They attend this clinic daily except for such time as may be taken up by lectures or other University work.

The Montreal General Hospital offers the facilities of all departments in the hospital and allows the students to observe a wide variety of interesting and unusual cases under treatment.

### **6.4 Clinical Facilities for Human Nutrition**

The Mary Emily Clinical Nutritional Research Unit is located on 7 Maple in Sainte-Anne-de-Bellevue.

The Unit was developed with the objective to create a facility dedicated to inpatient human nutrition experimentation using precisely controlled diets. The Unit is housed in a detached 5,000 sq. ft. building located at the perimeter of the Macdonald Campus with easy access to the community at large. This Unit is capable of supporting 12 research subjects on an inpatient basis. The facility is

**Department of Human Genetics**

1205 Doctor Penfield Avenue, Montreal, QC H3A 1B1

The Department provides a corporate base for human and medical geneticists working at McGill University and in the research laboratories of its teaching hospitals. Its purpose is to coordinate teaching in human/medical genetics, encourage teaching and consultative programs in areas where genetics is underrepresented, foster communication and collaboration between genetics units and promote the progress of research in genetics and its application to health care. Current research interests include: mammalian gene structure/regulation; oncogenetics; biochemical/molecular genetics of various inborn errors of metabolism; genetic screening, counselling and therapy; application of recombinant DNA technologies to human genetic epidemiology. The Department Office is in the Stewart Biological Sciences Building.

**McGill AIDS Centre**

Lady Davis Institute, Jewish General Hospital,  
3755 Cote St. Catherine, Room 318, Montreal, QC H3T 1E2

The McGill AIDS Centre coordinates, facilitates and promotes teaching, research and treatment activities, relating to HIV infection and AIDS, at McGill University and its affiliated teaching hospitals. McGill University has been among the foremost institutions in Canada to study and treat HIV infection and AIDS. McGill scientists foster communication and collaboration between genetics units and promote the progress of research in genetics and its application to health care. Current research interests include: mammalian gene structure/regulation; oncogenetics; biochemical/molecular genetics of various inborn errors of metabolism; genetic screening, counselling and therapy; application of recombinant DNA technologies to human genetic epidemiology. The Department Office is in the Stewart Biological Sciences Building.

## **6.7 University Computing Facilities**

Network and Communications Services (NCS) provides access to the Internet, e-mail and McGill's central computer systems via the Campus network and dial-up services.

NCS makes available computer access codes and dial-up access services (DAS) usernames that allow students access to e-mail, the Internet, McGill's on-line library catalogue (MUSE), databases on CD-ROM and to the McGill Gateway at [www.mcgill.ca](http://www.mcgill.ca).

All McGill students have a DAS username and e-mail address assigned to them and enabled upon registration. This individualized information is provided when the student obtains his/her student ID card.

will house over 600 students just a few blocks from the downtown campus. For details, see the Residences' Web site.

McGill has four co-educational residences (Douglas, Gardner, McConnell and Molson Halls) and one women's residence (Royal Victoria College) for undergraduate students, which are located on, or in the immediate vicinity of, the downtown campus. The rates for the regular session (September 1 to April 30) in 2001-02 were \$7,186 for single room and all meals (RVC only), and for room and five-day meal plan \$6,426 (Douglas Hall only), \$5,890 (Gardner, McConnell and Molson Halls). Residents are not accepted on a room-only basis. Fees for a limited number of double rooms (in above mentioned halls) were approximately \$300 less than those quoted above.

Solin Hall, an apartment-style residence located at 3510 avenue Lionel Groulx, a five-minute metro ride from the University, also houses undergraduate students. The rooms in Solin Hall are leased on a 11½ month basis (August 28 to August 11). The rates for a regular single room in 2000-01 were \$5,161.

McGill Residences also administers the M.O.R.E. (McGill's Off-Campus Residence Experience) network. M.O.R.E. includes two large buildings and 13 smaller buildings and houses located within walking distance of main campus. The accommodations (mostly single) vary from building to building and include private, self-contained studio apartments as well as shared facilities whereby each student has her/his own bedroom but shares a common kitchen, washroom and living areas. All rooms and apartments are fully furnished and rent for a period of 11½ months (August 28 to August 11). Rents range from \$340 to \$550 per month and although there is no mandatory meal plan, meal tickets may be purchased for use in any of the Residences cafeterias.

### 7.3 Student Services – Macdonald Campus

While students who study on Macdonald Campus may make full use of all Student Services available at McGill, the Office of the Dean of Students, in cooperation with the Faculty of Agricultural and Environmental Sciences, offers students direct access to the services listed below.

Further information can be found on the Web at [www.mcgill.ca/macdonald/resources/student-services](http://www.mcgill.ca/macdonald/resources/student-services) and the Student Services Web site [www.mcgill.ca/stuserv](http://www.mcgill.ca/stuserv).

Unless otherwise indicated, Macdonald Campus services are located in the Centennial Centre, Room CC 1-124, 21,111 Lakeshore Road.

Telephone: (514) 398-7992 Fax: (514) 398-7610

**Counselling Services:** a professional counsellor is available twice a week offering counselling for personal, social and emotional concerns as well as for academic and vocational concerns. Ap-n398-7610

**Day Care**

The McGill Community Family Day Care Centres are independently-run centres which can accommodate approximately 100 children, ranging in age from 4 months to 5 years. As placements are limited, especially for certain age groups, early application is suggested. The Centres are located at 3491 Peel Street, Montreal, H3A 1W7, telephone (514) 398-6943.

**Extra-Curricular Activities**

There are over 250 activities and clubs which students may join. These include international clubs; religious groups; political clubs; fraternities; communications groups such as Radio McGill, the McGill Tribune, and the McGill Daily; and some 50 miscellaneous groups (e.g., science clubs; literary, theatrical and musical societies; a chess club; and the McGill Outing Club).

The University Centre, 3480 McTavish Street, provides club rooms for these activities in a four-storey building with cafeterias,
