at the non-Quebec Canadian rate; see section 6.3 for details.
Note: Students who do not submit appropriate documentation during the semester will be billed at the international rate.

6.2.3 International Students

The 2001-02 tuition fees for international students are \$305.61 per credit for courses taken in the disciplines of medicine, pure and applied sciences, perimedical and paramedical. Refer to the tables in section 6.4 for the fees applicable to each faculty.

The international fees which are listed in section 6.4 are representative of fees that students could expect to be charged in each degree. Tuition fees may vary depending on the nature of the course taken.

Exemption from International Tuition Fees may be claimed by students in certain categories. Such students, if eligible, are then assessed at the Quebec student rate. A list of these categories and the required application forms are available from the Admissions, Recruitment and Registrar's Office; information can also be obtained from the ARR website <http://www.aro.mcgill.ca>.

6.3 Proof of Citizenship and Quebec Residency

6.3.1 Proof of Citizenship

As per the Ministry of Education of Quebec, all students who are citizens or Permanent Residents of Canada must provide proof of their status in order to avoid being charged the international rate of tuition fees. The proof must be a copy of one of the following documents:

- Canadian birth certificate;
- Canadian citizenship card (both sides);
- Valid Canadian passport;
- Quebec baptismal certificate;
- Record of Landed Immigrant status in Canada (i.e. IMM1000 document.)

6.3.2 Proof of Quebec Residency

Students who are citizens or Permanent Residents of Canada, and who wish to qualify for the Quebec rate of tuition fees, must also provide proof of Quebec residency along with their proof of citizenship. There are two ways of establishing Quebec residency status:

1. with an "Attestation of Residency in Quebec" form, where the student must qualify for one of the situations indicated on the form and send in the form signed and dated, along with all the documents requested on the attestation. This form will be sent to students by the Admissions Office along with their letter of acceptance.
2. without an "Attestation of Residency in Quebec" form, where the student must qualify for one of the situations indicated below and submit proof to that effect:

- Student was born in Quebec (documents: Quebec birth or baptismal certificate, valid Canadian passport indicating Quebec as place of birth);
- Student obtained Landed Immigrant status by virtue of a Certificate of Selection of Quebec (CSQ) (documents: CSQ document, written confirmation from Immigration Quebec that a CSQ was issued);
- Student's high school and CEGEP transcripts transmitted electronically to McGill from the Ministry of Education of Quebec indicate "Quebec" as the place of residence;
- Student was approved for a Quebec loan for the current academic year (document: Quebec loan certificate);
- Student is the member of an aboriginal community of Quebec (document: letter from the band council official, band membership card).

6.3.3 Deadlines for Submission of Proof of Citizenship/ Proof of Residency

All documents pertaining to Proof of Citizenship and Quebec residency must be received by the Admissions, Recruitment and Registrar's Office (ARR) prior to the dates indicated below in order to take effect for the requested semester:

- Fall Semester – Last day of Fall classes.
- Winter Semester – Last day of Winter classes.
- Summer Semester – August 15.

Changes received after these deadlines would only be applicable to the following term. Please note that these deadlines are set by the Ministry of Education of Quebec (MEQ). Any student who wishes to contest these deadlines is required to send a written request to the contact person in the MEQ for consideration. McGill will not process any retroactive requests without a written approval from the MEQ.

For more information refer to the ARR website <http://www.aro.mcgill.ca>, or contact the office by email, que-can@aro.ian.mcgill.ca.

6.4 Yearly Fees and Charges by Faculty

The University reserves the right to make changes without notice in the published scale of fees. Further information regarding fees can be found on the Student Accounts website <http://www.finance.mcgill.ca>. Note: the information in this section was prepared in April 2001.

Tuition fees at the undergraduate level are based on the number of credits taken. The tables reflect normal full-time course loads.

Part-time students will be charged tuition fees at the per credit rate and will be subject to student society fees, student services fees, registration and transcripts charges, and information technology charges.

Student Society Fees

Student Society fees are compulsory fees collected on behalf of student organizations. Fees must be approved by the student body through fee referenda according to the constitutional rules of the association or society.

Note that for International students, the student society fee includes the SSMU Dental Insurance plan of \$76.91. International students will be obliged to participate in the University's compulsory International Health Insurance Plan, which at the 2000-01 rate, cost \$498 for single coverage. For more information, please contact International Student Services, (514) 398-6012.

Student Society fees are subject to change as they do not reflect any fees voted upon by the students during the Spring referendum period.

Student Services

Student Services fees are governed by the Senate Committee on the Coordination of Student Services, a parity committee composed equally of students and university staff. Through the Dean of Students' Office, these services are available on campus to help students achieve greater academic, physical and social well-being. They include athletics facilities, student health and mental health, financial aid, counselling, tutorial service, off-campus housing, services for students with disabilities, chaplaincy, the First-Year Office, the Career and Placement Service, the International Student Adviser, and the administration of the McGill "Student Rights and Responsibilities Handbook".

Acceptance of fees by the University in no way guarantees that students will receive academic permission to pursue their studies. If it is subsequently determined that the academic standing does not permit the student to continue, all fees paid in advance will be refunded on application to the Student Accounts Office.

All students who have accessed MARS to register must officially withdraw in writing from the University if they decide not to attend the session(s) for which they have registered. Otherwise they will be liable for all resulting tuition and other fees.

The University shall have no obligation to issue any transcript of record, award any diploma or re-register a student in case of non-payment of tuition fees, library fees, residence fees or loans on their due date.

Access to MARS for the Registration functions will be denied until these debts are paid in full. Students must pay all debts before the end of the registration period to be permitted to register.

6.7 Access to Fee Information

Students may view their latest fee information, including a detailed breakdown of the fees they are being charged, by accessing SATURN (<http://www.is.mcgill.ca/students>) see page 10.

An updated fee account balance may be obtained by calling MARS (514) 398-6277.

6.8 Deferred Fee Payment

Students With Sponsors

Students whose fees will be paid by an outside agency such as the Department of Veterans Affairs, CIDA, a foreign government; or their University department (i.e. teaching assistants or demonstrators), must have written evidence to that effect. Students in any of the above categories should go to the Student Accounts Office with the appropriate documentation, where a "Tuition Payment Deferral" may be issued (if applicable). The University reserves the right to insist upon payment. If the outside party does not pay the fees within 90 days of invoicing, the student is ultimately responsible for paying the fees plus the late payment fee and accrued interest.

Students with Loans, Bursaries, Scholarships

McGill scholarships or awards are normally credited to the recipient's fee account by late August (early January for the winter term). The fee balance may be verified on MARS or SATURN.

Interest and late payment charges resulting from late tuition payments for students awaiting government funding will be cancelled UPON RECEIPT of such assistance and full payment of outstanding tuition fees. Contact the Student Aid Office, 3600 McTavish Street. Telephone: (514) 398-6013 or 398-6014.

Students are reminded that tuition and residence fees have first call upon financial aid received from any source.

7 History of the University

The Hon. James McGill, a leading merchant and prominent citizen of Montreal, who died in 1813, bequeathed an estate of 46 acres called Burnside Place together with £10,000 to the "Royal Institution for the Advancement of Learning" upon condition that the latter erect "upon the said tract or parcel of land, a University or College, for the purpose of education and the advancement of learning in this Province", and further upon condition that "one of the Colleges to be comprised in the said University shall be named

and perpetually be known and distinguished by the appellation of McGill College."

The Royal Institution, although authorized by law in 1801, had not yet been created but was instituted in 1819. In 1821 it obtained a Royal Charter for a University to be called McGill College. Further delay was occasioned by litigation, and the Burnside estate was not acquired until March 1829. The Montreal Medical Institution which had begun medical lectures at the Montreal General Hospital in 1822 was accepted by the College as its Faculty of Medicine in June 1829. After further litigation, the College received the financial endowment in 1835 and the Faculty of Arts opened its doors in 1843.

Progress, however, was slow until the 1821 Charter was amended in 1852 to constitute the members of the Royal Institution as the Governors of McGill College. Since that time the two bodies have been one. It was first called "The University of McGill College" but in 1885 the Governors adopted the name "McGill University". Even after the amended charter was granted, little advance was made until 1855 when William Dawson was appointed Principal. When he retired 38 years later, McGill had over 1,000 students and the Molson Hall, the Redpath Museum, the Redpath Library, the Macdonald Buildings for Engineering and Physics, and a fine suite of medical buildings had been erected.

Since then the University has continued to grow vigorously. In 1884 the first women students were admitted and in 1899 the Royal Victoria College was opened, a gift of Lord Strathcona, to provide separate teaching and residential facilities for women students. Gradually, however, classes for men and women were merged.

In 1907 Sir William Macdonald established Macdonald College at Sainte-Anne de Bellevue, as a residential college for Agriculture, Household Science, and the School for Teachers. Those components have since become the Faculty of Agricultural and Environmental Sciences, which includes the School of Dietetics and Human Nutrition on the Macdonald Campus, and the Faculty of Education located on the downtown campus. The University's general development has been greatly facilitated by the generosity of many benefactors, and particularly by the support of its graduates, as regular public funding for general and capital expenditures did not become available until the early 1950s. Since that time government grants have become a major factor in the University's financial operations, but it still relies on private support and private donors in its pursuit of excellence in teaching and research.

The University now comprises 12 faculties and 10 schools. At present over 20,000 students are taking regular university courses; one in four is registered in the Faculty of Graduate Studies and Research.

The University is also active in providing courses and programs to the community through the Centre for Continuing Education which serves nearly 10,000 students per semester.
