The Department of Jewish Studies, established

**JOINT HONOURS PROGRAM – JEWISH STUDIES**

**COMPONENT** (36 credits) [MARS Program Code 0-599900]  
(Program revisions awaiting University approval)

Students who wish to study at the Honours level in two Arts disciplines can combine Joint Honours Program components from any two Arts disciplines, see [page 53](#) for a list of available programs.

Prior to registering for each Joint Honours component, students must see advisers in the respective departments for approval of their selection. Departmental advisers will only approve combinations that are feasible, given the nature of the research project that would be involved. **Students who neglect to obtain prior approval may jeopardize their graduation.**

The Jewish Studies Department regularly accepts the following as its component of a Joint Honours program:

1. A total of 36 credits in Jewish Studies offered in the Jewish Studies Department or, with special approval, in other departments (e.g., The Religion of Ancient Israel, Arabic, Classical or Koine Greek, Politics of the Middle East).
2. Attainment of the level of proficiency in a Jewish language that is demonstrated by completion of third year level. This may be done by satisfactorily completing
  - 1) 135-340D Advanced Hebrew, or
  - 2) an advanced course in Hebrew texts or Hebrew literature that has as a prerequisite fluency in Hebrew (e.g., 135-327, 331, 333, 411, 438), or
  - 3) Third year Yiddish, or
  - 4) proof of attainment of advanced level of Hebrew or Yiddish language.

Depending on the student's previous preparation, this may require from 0 to 18 credits of work in the language.

3. The remaining credits, from 18-36, depending on the situation described in #2, will be chosen in consultation with the Departmental Majors and Honours adviser and will develop the breadth and depth needed to do advanced level work in Jewish Studies.
4. Normally one of the following streams will be recommended, but the Department is able to individualize programs of study to suit the interests of students and professors.

Biblical Studies: (135-211, 310, 327, 328, 456, 458, 573, etc.).

The History of Jewish Bible Interpretation: (135-310, 327, 328, 331, 332, 456, 458, 573, etc.).

Rabbinic Literature and Thought: (135-216, 217, 310, 333, 345, 358, 456, 458, 573, etc.).

Jewish Languages and Literatures: (135-367, 368, 369, 370, 381, 411, 412, 438, 485, etc.).

Modern Jewish Studies (135-217, 252, 305, 306, 307, 346, 347, 348, 349, 356, 358, 361, 362, 366, 371, 404, etc.).

The Jewish Studies Department is small, not all courses are offered every year, and student requirements vary. Accordingly, these lists are understood to be suggested models, not definitive programs. In all cases, students will be advised to consider the more advanced undergraduate courses and the graduate courses available to them.

5. Students must present an Honours thesis prepared under the direction of a professor in the Jewish Studies Department. Three credits of the 36 may be received for this work by registering for a tutorial offered at the 400 or 500 level. Approval for this part of the work must be received from the supervising professor prior to registering.

According to the new Faculty regulations, Joint Honours students must maintain a minimum CGPA of 3.00 and maintain a minimum program GPA of 3.00. Departments may require a higher program GPA.

**JEWISH TEACHER TRAINING PROGRAM**

Established in 1973 in the Faculty of Education in conjunction with the Department of Jewish Studies, this program prepares students to teach at the elementary and secondary school levels.

Students are encouraged to acquire a strong general background in Bible, Jewish liturgy, traditions and history prior to registering in the program. Students lacking the ability to teach in Hebrew should consider spending a semester at an Israeli university.

Further information can be obtained by contacting the Director, GPA.

(Program revisions Awaiting University Approval)

**Required Courses** (27 credits)**Complementary Courses** (24 credits)

A B<sup>+</sup> average (program GPA 3.30) is required to maintain Honours standing in Linguistics and a minimum grade of B<sup>+</sup> is normally required in each of the required Linguistics courses and as per Faculty of Arts rules, a minimum CGPA of 3.00. The normal requirement for First Class Honours is a CGPA of 3.60 and a high level of achievement in the research thesis (104-482). Inquiries may be addressed to the departmental office or to the advisers for undergraduate studies.

**MINOR IN COGNITIVE SCIENCE**

Students following Major or Honours programs in Linguistics with an interest in cognition may want to consider the Minor in Cognitive Science, described in the Faculty of Science section.

**JOINT HONOURS PROGRAM – LINGUISTICS COMPONENT**

(36 credits) [MARS Program Code 0-615000]

(Program revision awaiting University approval)

**Required Courses**

**104-360B SYNTAX I.** (3) (Prerequisite: 104-201) Introduction to the study of generative syntax of natural languages, emphasizing basic concepts and formalism: phrase structure rules, transformations, and conditions on rules.

**104-370A INTRODUCTION TO SEMANTICS AND PRAGMATICS.** (3) (Prerequisite: 104-201. Prerequisite (preferably) or Corequisite: 107-210.) Introduction to the study of the meaning of sentences (through the application of rudimentary predicate logic), and the study of how meaning is modulated by use (pragmatics).

#### UPPER LEVEL LINGUISTICS COURSES

**104-400A HISTORICAL LINGUISTICS.** (3) (Prerequisite: 104-250) An examination of how languages change over time and the methods that allow us to study linguistic history. Topics include: types of language change (sound change, analogy, etc.) linguistic reconstruction, the origins of modern languages.

**104-410A STRUCTURE OF A SPECIFIC LANGUAGE.** (3) (Prerequisite: 104-250, 104-351, and 104-360, or permission of instructor.) Application and refinement of analytical methods in phonology, morphology, and syntax to phenomena from a specific language. One focus will be the identification of empirical generalizations which form the basis for the development of the theory. The language of study will vary from year to year.

**104-440A MORPHOLOGY I.** (3) (Prerequisite: 104-250 or 104-360, preferably both.) An introduction to the study of the internal structure of words. Topics will include the different ways words are

**Required Courses** (12 credits)

All courses counted towards the Minor Concentration must be passed with a grade of C or better.

No overlap is permitted with other programs.

**Program prerequisites:** 189-133, 189-140 and 189-141 or their equivalents.

**Required Courses** (15 credits)**Complementary courses** (6 credits)**Minor Concentration in Mathematics** (Non-Expandable)  
(18 credits)

**Program prerequisites:** 189-133, 189-140 and 189-141 or their equivalents.

**Required Courses** (9 credits)

**Note:** If this Minor Concentration is combined with the Major Concentration in Mathematics, the required courses 189-222, 189-223, and 189-323 must be replaced by courses on the list of Complementary Statistics courses.

**Complementary Course** (3 credits)**Complementary courses** (9 credits)**Complementary Course List –  
Mathematics Minor Concentrations****MAJOR CONCENTRATION IN MATHEMATICS** (36 credits)  
[MARS Program Code 8-630000]

Students entering the Major Concentration are normally expected to have completed 189-133, 189-140 and 189-141 or their equivalents. Otherwise they will be required to make up any deficiencies in these courses over and above the 36 credits required by the program. Students here isy1.:5nenormally expected

**MINOR CONCENTRATION IN STATISTICS** (Non-expandable)  
(18 credits) [MARS Program Code 7-630200]  
(Program revision awaiting University approval)

Students entering the Minor Concentration in Statistics are expected to have completed 189-133, 189-140 and 189-141 or their equivalents.

The Minor Concentration in Statistics may be taken in conjunction with a Major Concentration in some other discipline under option A of the Multi-track Program, or together with a Major Concentration (which may be in Mathematics or some other discipline) and a Minor Concentration (which must be in some other discipline) under option C.

It is not possible to combine this program with the Minor Concentration in Mathematics under option C. Students wishing to do this, should instead take the Major Concentration in Mathematics under option B and select a large number of Statistics complementaries.

The Minor Concentration in Statistics is offered only in a non-expandable version that is, one that cannot be expanded into the Major Concentration in Mathematics. While it is not possible to expand the Minor Concentration, it is possible for students taking the Major Concentration in Mathematics to adopt this program as one of their Minor Concentrations under option C.

Credit cannot be received for both 189-223 and 189-236.

**Complementary Courses** (15 credits)

**JOINT HONOURS PROGRAM – MATHEMATICS COMPONENT** (36 credits) [MARS Program Code 0-630000]

Students who wish to study at the Honours level in two Arts disciplines can combine Joint Honours Program components from any two Arts disciplines, see [page 53](#) for a list of available programs.

Prior to registering for each Joint Honours component, students must see advisers in the respective departments for approval of their selection. Departmental advisers will only approve combinations that are feasible, given the nature of the research project that would be involved.

**MAJOR CONCENTRATION IN MIDDLE EAST STUDIES**

### MUSIC PROGRAMS IN ARTS

Available within the Faculty of Arts are a Major and a Minor Concentration in Music, and Minor Concentration in Music Technology.

Admission to the B.A. program is granted according to criteria established by the Faculty of Arts. Application forms for admission to Arts may be obtained from the Admissions, Recruitment and Registrar's Office of McGill University.

Students in the B.A. Freshman Program who are considering a Music Concentration should see the Freshman Adviser in the Arts Student Affairs Office in Dawson Hall. They should also see the Music Adviser in order to ensure that they include any necessary prerequisite Music courses (based on the results of placement examinations) in their first-year selection.

*Students interested in a more intensive music program, including practical instruction on an instrument or in voice and additional ensemble participation, should consider the B.Mus. degree or the*

### 11.36 North American Studies Program

*Program Committee Chair* — A.R. Riggs

*Program Committee* — A.R. Riggs, P. Gibian, L. Moore, P. Ohlin, G. Troy, T. Velk, H. Waller

The purpose of North American Studies is to provide a comprehensive view of civilization on this continent. Proceeding from the premise that similarities between North American peoples are greater than their differences, the first year in the program requires the traditional mix of history and literature, with the addition of political science and economics courses to underline differences that may be more substantial.

The introductory complementary credits in the first year are a prelude to a broader list of courses in Economics, Political Science, History, and Arts and Letters, where students are allowed greater freedom to direct their own study according to their personal needs and inclinations. Students must ENSURE they have fulfilled the 200-level prerequisites before registering for the advanced level courses listed below.

Students may choose to spend a semester on a student exchange program with Dartmouth, American University, Duke or Carleton. See Advisers for details – there is a competition.

Independent study, internships and university exchange arrangements can be worked into a student's program (a certain amount of flexibility is needed here, but in close conjunction with the program as outlined below).

Each Major Concentration student in third year must enrol in the required North American Studies Seminar offered by the Department of English. For more information concerning courses, please consult listings under departmental headings. Not all courses are available in any given year.

**MINOR CONCENTRATION IN NORTH AMERICAN STUDIES** (18 credits) (Expandable) [MAR SProgramCode 7-675500]

**Complementary Courses** (18 credits)

**2. For all Political Science Students:**

"Programs in Political Science", "Minor Programs in Political Science", and "List of Political Science Courses Offered 2001-2002" may be obtained from the Political Science Department. Course choice should be made only from the "List of Political Science Courses Offered 2001-2002". The Calendar provides course descriptions and should be used in conjunction with the "List of Political Science Courses Offered in 2001-2002". Students wishing to have courses taken at other universities counted as satisfying program requirements must bring copies of their transcripts and course syllabi to the Director of the Major or Honours Program or the Director of Undergraduate Studies. Students are not accepted into the Honours Program in Political Science until their second year in Political Science; an exception is made for those in Joint Honours Programs.

As course and personnel changes may occur after this Calendar has gone to press, students should not use it to plan their program of studies without first consulting the Department Office for updated information.

**The Psychology Department offers programs in both Arts and Science. For a list of teaching staff, a full description of courses, and an outline of the nature of Psychology, the student should consult Faculty of Science section 11.27. Programs which may be taken by Arts students are described in this section, those listed under the Faculty of Science may be taken by Science students only.**

**Note:** The B.A. (or B.Sc.) with a Major Concentration or Honours degree in psychology is not a professional qualification. It does not qualify the individual to carry on professional work in psychology.

**INFORMATION MEETINGS FOR NEW STUDENTS**

All new students entering the Psychology undergraduate program are required to attend an Information Meeting prior to registration. Students planning to pursue a Bachelor of Arts with a Major Concentration in Psychology must attend a meeting at 14:30 on August 29, 2001, in the Stewart Biological Sciences Building, Room S1/3. At this meeting, Nicole Allard, the Academic Adviser, will explain the requirements of the Department's programs. Incoming students will have an opportunity to ask questions and receive advice on how to plan their courses. After this meeting students in the Major Concentration in Psychology will make appointments for individual advising sessions and fill out their Study Plan form for registration.

For students entering the Psychology program in the winter term 2002, there will be an Information Meeting on December 18th at 14:00 in Room N2/2D of the Stewart Biology Building.

Entering students must bring their letter of acceptance and a copy of their collegial transcript(s). They will also need this Calendar and a preliminary Timetable. Students will also find the Psychology Department Handbook helpful. The Handbook contains more detailed descriptions of Psychology courses, as well as providing guidelines for how students might pursue particular areas of interest.

The Psychology Department Handbook can be purchased for \$3.00 (including tax) in Room N7/9, Stewart Biological Sciences Building. Out-of-town residents may have a copy mailed to them upon receipt of \$3.00. Requests should be mailed to the Department of Psychology Adviser's Office, 1205 Avenue Docteur Penfield, Montreal, QC, H3A 1B1. The Handbook is also available on the Department website: <http://www.psych.mcgill.ca/ugrad/ugrad.htm>.

**Areas of Specialization:**

The study of psychology covers many fields. To develop a breadth of understanding in psychology, students are expected to obtain knowledge beyond the introductory level in several areas of psychology. To ensure this requirement is met, Psychology courses are divided into six areas of specialization. Some courses are included in two or more areas of specialization. These courses may only be counted for credit in one area. The areas are listed below. (Awaiting University approval)

Également accessible aux étudiants(es) qui ont une connaissance de base de la société et culture québécoises, avec la permission du professeur. L'enseignement, les discussions, les exposés et les travaux peuvent se faire en français et en anglais. Le thème du séminaire change à chaque année, mais porte toujours sur une facette de la société québécoise moderne. Cours interdisciplinaire, on y étudie différents aspects: historique, sociologique, économique, politique, culturel, etc.

Required course for all students in Québec Studies. Open also to U2 and U3 students who have a basic knowledge of Québec society.) An interdisciplinary approach from a political science angle is comparing the topic's various dimensions: historical, sociological, economical, political, cultural, etc. This seminar has a different topic each year it is given, but all topics are directly related to some important problems or phenomena in modern Québec politics and society. Instruction, discussions, oral presentations and papers can be in French or English.

**157-472D TRAVAUX DIRIGÉS/TUTORIAL. (6)** (Obligatoire pour les étudiants(es) inscrit(e)s au concentration majeur en Études sur le Québec.) admission, may apply for entrance as mature students. To be considered for the B.S.W. program, applicants must have had significant paid or volunteer community work experience in related fields and be able to produce satisfactory recommendations from community social agencies with which they have been affiliated.

Applicants must also have completed a minimum of two appropriate courses at the college or university level, each with a grade of B or better.

Enrolment is limited. Candidates, whether entering or transfer students, are expected to have better than average grades. Within the group of applicants who meet the academic requirements, preference is given to those who have had social work-related experience, paid or volunteer, and also to those who demonstrate personal suitability for the social work profession.

Please note that a course in statistics is not a requirement for the B.S.W. program. It is, however, a prerequisite for admission into the M.S.W. program. Students who have not previously completed a course in statistics and are planning on completing a graduate degree are, therefore, strongly encouraged to take a statistics course during their undergraduate studies.

More details on entrance requirements can be obtained from the Admissions, Recruitment and Registrar's Office website <http://www.aro.mcgill.ca>.

## 2. SPECIAL B.S.W.

A number of students with Bachelor's degrees are admitted into a Special B.S.W. program consisting of 48 Social Work credits of study over a 14-month period. This program offers an excellent opportunity for students to consolidate past experience related to social work or, for some, to change career directions.

The minimum requirements for admission to the Special B.S.W. are as follows:

1. Bachelor's degree with a high B average.  
A Bachelor's degree is defined as being either a three-year degree following a CEGEP Diploma (or equivalent advanced standing) or a four-year degree following high school.
2. Completion of at least 5 half courses (15 credits) in the social sciences.
3. An introductory course in statistics (either CEGEP or university level).
4. Paid and/or volunteer work experience.

Normally candidates will not be considered unless their GPA is 3.00 or better. Within the group of applicants who meet this requirement, preference will be given to those who have had social work related experience, paid or volunteer, and also to those who demonstrate personal suitability for the profession of social work.

While not a prerequisite for admission, possession of a working knowledge of the French language is important not only to candidates who intend to seek admission to the Quebec professional

**Field Practicum**

Students in the 3-year B.S.W. program complete a field practice during their second and third years, 2 days per week, in different settings. Students must have completed a minimum of 24 credits of the 90 credits of study before commencing their second year placement, and 54 credits before commencing their third year placement.

**Grading Policy**

Students are required to obtain a grade of C or better in all of their Social Work courses (48-60 credits) and also in their 18 social science credits. If students receive a D in any of these courses, they must take additional courses to satisfy the program requirement. Only in an elective course will the grade of D be counted for credit.

**SPECIAL B.S.W.**

The Special B.S.W., for those holding an undergraduate degree, will be offered in three time blocks: a summer session of 7 weeks, May - June, one regular academic year, and a summer session of 12 weeks, April - June. Students in this program will take 48 Social Work credits, including courses in social work practice, field practice, and policy.

**Required Courses** (33 credits)

\* Students who have successfully completed a research course during their undergraduate degree *may* be eligible for an exemption from this course. However, the 3 credits must be replaced by another Social Work course.

**Complementary Courses** (15 credits)**Field Practicum**

Field Practice takes place in one field setting 2½ days per week, September - April, and 3½ days per week, April - June, to meet the 800-hour requirement.

**Grading Policy**

Students are required to obtain a grade of C or better in all of their courses. If students receive a D in any of these courses, they must take additional courses to satisfy the program requirement.
